

SANTIAGO BUSINESS & CONFERENCE CENTER

CONVENTION CENTER

Santiago Business & Conference Center, the convention center located in Parque Titanium, is a top-level venue for events of diverse conventions. Its **5,500 m²** built, more than **3,700 m²** of available spaces and **550 parking lots** make it a unique alternative for the development of fairs, seminars and congresses. In the salons, it stands out for its great height - **more than seven meters** - as well as the versatile and modern design, which allows flexibility in the modulation of spaces and the entrance of natural light. The center last generation audiovisual technology and offers an excellent banquet service, which allows the development of a quality event.

ENVIRONMENT

The main attribute of SBCC his location, in the middle of "Sanhattan", the most important financial pole of the country. Steps away from an offer of complementary services to the events, allows visitors to live a unique experience in their fairs, conferences or seminars, taking place in a park that interacts with the river and is framed by the vegetation of the San Cristóbal and Manquehue hills.

PARK

Pedestrian paths and gardens, as well as a spectacular view of the Parque Metropolitano, facing Mapocho River, make SBCC a structuring part of green area of eastern Santiago area and also steps away from Parque Bicentenario.

MEETING TOURISM

Due to its privileged location, it is surrounded by a rich gastronomic offer, two large shopping centers nearby such as Costanera Center and Casa Costanera, and hotels with more than 800 beds available at a walkable distance.

ACCESS

It has 3 vehicle accesses on Costanera Sur, near the Costanera Norte urban highway and with direct connection to different points of the capital via Andrés Bello, Isidora Goyenechea and Vitacura avenues, together with public transport and metro.

BIKEWAYS

It has about three kilometers of bikeway on the southside of Mapocho River, which connects the already existing sections of the city's most extensive bicycle transport network.
